## ODDIE WINS IN SENATORIAL RACE FROM ADAMS

Quota for Cleveland  
Admitted But Money  
Has Not Been Raised

(By Associated Press.)  
CHICAGO, Sept. 8.—The first evidence supporting Governor Cox's charges that large quotas were assigned to principal cities by the Republican campaign fund committee was introduced in the senate committee investigation today, when Dudley Blossom, who helped to raise Cleveland's quota, testified that the governor's figures of \$400,000 for that city were correct. Senator Reed called the witness's attention to the quota sheets submitted last week by Fred Upham, Republican national treasurer, which fixed the amount for the entire state of Ohio at \$400,000. "You were to get \$400,000 from Cuyahoga county alone, although this quota sheet shows collection for the entire state of Ohio was only \$400,000?" Reed asked. "Yes, sir, that was my understanding."

Blossom testified that A. Proseman, a paid agent of the national committee, was present when the Cleveland quota was announced as \$400,000, and that Proseman helped to direct the raising of the money. Blossom said when he left Cleveland on Labor day \$74,000 had been pledged and work was still going on with Proseman directing it and all the workers trying to reach the goal of \$400,000.

Senator Reed then took the witness through form 101 of the campaign plan which Republican witnesses have said was never issued.

and which Blossom said he had never seen. At almost every step in the organization described by the plan Blossom nodded or expressed assent. He said the executive committee was formed as described in the plan. United States District Attorney Clyne announced that information about the presidential campaign expenses had been submitted to him by E. H. Moore, Governor Cox's representative at the senate committee's hearing. Clyne said the question of perjury in the testimony of certain witnesses in the senatorial hearing had been discussed.

SALE OF STILLS  
IS RESTRICTED

(By Associated Press.)  
WASHINGTON, D. C., Sept. 8.—The treasury department has announced that restrictions covering the sale of stills have been tightened, manufacturers being required by the new regulation to report all sales and purchasers must give sworn statements setting forth the purpose of the stills' use. Until manufacturers comply with the new regulation they cannot be permitted to allow stills to leave their warehouses.

MISS RAY BRIDE  
OF MR. BRENNAN

A pretty home wedding was celebrated this morning when Miss Margaret Ray, daughter of Mr. and Mrs. W. A. Ray, became the bride of Austin James Brennan. The ceremony was performed at 7 a. m. by Judge Mark R. Averill in the presence of only near relatives. The couple were attended by Miss Ruth Kelley and Hyder Ray. The bride was beautifully gowned in pink georgette and the bridesmaid wore a gown of white crepe de chine. After a wedding breakfast the party left for Millers by auto, from where they took the train for Sacramento, where they will spend their honeymoon. Mr. Brennan is a teller in the First National bank, while Miss Ray has been employed by the telephone company for the last two years. They will return about October 1 and will be at home to their friends in the Barrah house on University avenue. Both the bride and groom are among the most popular young people of the city, and their many friends unite in wishing them happiness.

ROOSEVELT HAS  
NARROW ESCAPE

(By Associated Press.)  
JOPLIN, Mo., Sept. 8.—Colonel Theodore Roosevelt had a narrow escape from death today when an airplane in which he was preparing to make a flight became unmanageable and tore wildly down the field. Just as it was ready to ascend, Roosevelt jumped to safety from the fuselage and landed free of the rud-ders.

(By Associated Press.)  
VINITA, Okla., Sept. 8.—Colonel Roosevelt escaped injury in an airplane accident for the second time today when the airplane carrying him from Joplin, Missouri, to Vinita, on a speaking date, crashed into a tree at the fairgrounds here. None of the four passengers were hurt.

LEO HARRINGTON and wife, who have been visiting Mrs. Mary Harrington, mother of Leo Harrington, departed for Oklahoma Monday.

AUSTRALIANS DO  
NOT FAVOR DRYS

(By Associated Press.)  
ADELAIDE, Australia, Sept. 8.—Resolutions favoring prohibition were rejected by the Anglican Synod, in session here. One speaker, Rev. Walker, said: "Prohibition is anti-Christian and an idea of American cranks."

HARDING SPEAKS  
IN MINNESOTA

(By Associated Press.)  
MINNESOTA STATE FAIR, Sept. 8.—An agricultural program designed to keep the nation self-sustaining and to improve conditions of farmers was outlined by Senator Harding, the Republican presidential nominee, in a speech here today. He set forth his policy as follows: A large representation of farmers in government affairs, the establishment of co-operative marketing associations, scientific study of the world market for farm products, curtailment of unnecessary price fixing, administration of the farm loan act so as to decrease the tenancy, restoration of railway facilities to a state of high efficiency and a revision of the tariff to protect American agriculture.

AIR MAIL IS  
NOW REALITY

(By Associated Press.)  
NEW YORK, Sept. 8.—Transcontinental air mail service to San Francisco was officially inaugurated today when R. Page, piloting an airplane equipped to carry 400 pounds of mail started on his westward flight at 6:30 this morning from Mineola field. The trip is expected to be completed within three days, arriving in San Francisco 42 hours ahead of the time regularly required for mail trains.

## JURY REPORTS

The jury of 100 which was drawn some time ago for district court, reported this morning to Judge M. R. Averill. The case of M. C. Sullivan charged with criminal syndicalism is on the calendar for trial today, but the whereabouts of Mr. Sullivan is unknown. A similar charge against Mike Moriarty is set for trial on September 13.

Much Work Being Done  
at Broken Hills Mine

(Special to The Bonanza.)  
BROKEN HILLS, Nev., Sept. 8.—Nine feet of silver-sulphide ore carrying high values has just been crocussed at a depth of 150 feet in the main, or "discovery" workings, of the Broken Hills Silver corporation. This additional showing of high grade at increased depth has sharpened the already keen edge of excitement here, as it is a further demonstration of the persistency and high value of the orebody as the shaft is driven to deeper levels. Mining men who have recently inspected the showing in the bottom of the shaft express the opinion that the property is now proven, and that its future as a heavy producer of bonanza silver ore is assured. Shaft sinking yet continues in ore of the same satisfactory character.

A 14-inch face of the same bonanza silver-sulphide ore that was opened up further to the south on the 150-foot level in the "discovery" workings has also just been opened beyond the fault in the north drift at that depth. The new development in the north drift supplies further evidence of the general prevalence of high grade ore on the 150-foot level and throughout the stopping area above. Leo Glockner, mine superintendent, in his last report to the management of the Broken Hills Silver corporation, says: "The crocussing at a depth of 185 feet in the main shaft shows nine

SCORES LOST IN  
QUAKE IN ITALY

(By Associated Press.)  
ROME, Italy, Sept. 8.—Scores of lives are believed to have been lost in the district north of Florence, which was severely shaken by an earthquake yesterday. As reports from the stricken region come in, the extent of the disaster seems to be growing. The territory violently disturbed seems to be loosely shaped, with Florence at the southern apex and Modena at the northern end. In this district are many populous towns, and no tidings have as yet been received from many of them. Reports from the earthquake zone show that buildings crumbled beneath the strain of the earth's convulsions.

Several hundred persons lost their lives in the earthquake at Sivizzano and many more were injured, according to a dispatch to the Tribuna from Massa.

(By Associated Press.)  
LONDON, Sept. 8.—Messages from the region affected by Tuesday's earthquake in Italy say the number of dead and injured discovered is increasing hourly, according to an Exchange telegram from Rome. The Spezia district is especially hard hit. The towns of Quercia, Molassa and Tarsano were wiped out. Apparently not a single town escaped damage.

Everywhere, the dispatches report, the population is camping in the open. Relief parties are scouring the devastated region.

FIGHTING REPORTED  
AMONG SIBERIANS

(By Associated Press.)  
HARBIN, Sept. 8.—The Russian Soviet forces, aided by German and Hungarian war prisoners, have recaptured Omsk, whereas in other towns in western Siberia, the Soviet ants recently overthrew the Soviet. Confirmation was received of a revolt against the bolsheviks in the Ust-Kamenogorsk region. Altai province has been cleared entirely of the bolsheviks.

GAS MASKS USED  
IN FIGHTING FIRE

(By Associated Press.)  
VALLEJO, Sept. 8.—Gas masks were used today by a large number of men who fought a fire on the superdreadnought California at Mars Island Navy yard.

Ground cork, used for painting, became ignited and caused dense smoke but the damage was small.

MOSES WINS IN  
NEW HAMPSHIRE

(By Associated Press.)  
MANCHESTER, N. H., Sept. 8.—Senator George Moses, opponent of the league of nations and woman suffrage, was renominated by the Republicans at yesterday's primary by a plurality of about 12,000. The total vote was nearly twice that of the average primary vote, owing to the women's participation.

## REVOLTS IN RUSSIA

(By Associated Press.)  
LONDON, Sept. 8.—Several serious revolts against the Russian Soviet government have broken out near Moscow, according to a dispatch from Riga.

Many Surprises Shown  
In Election as the Vote  
Comes in From County

(By Associated Press.)  
RENO, Sept. 8.—Tasker Oddie was nominated by Nevada Republicans for United States senator. Incomplete returns give him a lead of 533 votes over Brewster Adams, his nearest competitor in a five-cornered race. Oddie will oppose Charles Henderson, Democrat, and Miss Anne Martin, independent, at the general election. Charles Evans, incumbent, was renominated by the Democrats for congressman. Samuel Arentz won the Republican nomination and will oppose Evans. The primary vote was very light.

Oddie was leading with 624, with returns from all counties except Mineral, and 75 per cent of the returns have been received. Arentz has over a two to one lead over McNeil. Evans has nearly a three to one lead over Pratt and Stoddard. Oddie carries every county except Washoe. Boyd, Morehouse and Campbell, for Republican electors, and Foreman, Hessen and George, Democratic electors, on 60 per cent returns have sufficient votes to win out.

Election returns from the various precincts of the county are coming in very slowly, but enough have been received to show to a reasonable certainty who has won the nomination in the various offices. Most of the interest centered on the Republican ticket, where almost every office was contested for. Tasker L. Oddie led Brewster Adams in the county for the nomination for United States senator, while Samuel S. Arentz won easily from William T. McNeil for the nomination for representative. Frank T. Miller is apparently the nominee for state senator and W. B. Evans won from A. S. Putney for the nomination for sheriff. On the Democratic ticket, Charles R. Evans was an easy winner over Walter E. Pratt and Richard C. Stoddard for the nomination for representative in congress. D. J. Fitzgerald is leading Ben Luce by approximately 60 votes for the nomination for state senator. F. Wittenberg is leading for short term county commissioner but the returns from the remainder of the county will not change the result in that case. J. D. Grant won the nomination for the office of constable and will be opposed by W. R. Cochran, who won the Republican nomination.

In the justice of the peace contest Frank J. Cavanaugh and W. T. Gori received the highest number of votes and will oppose each other at the general election.

REFUGEES ESCAPE  
FROM U. S. FORT

(By Associated Press.)  
NEW YORK, Sept. 8.—Fifty of the 100 Russian refugee boys who escaped yesterday from Fort Wadsworth were still at large today. The Red Cross officials, under whose care the children were being returned to their homes in Russia, were searching for the fugitives. The escaped boys are believed by the police to have been aided by bolshevik sympathizers.
